

12TH TIGER-HEN-HAWK RHEOLOGY SYMPOSIUM

Lehigh University - Saturday, May 9th, 2009 - Rauch Business Center

CALL FOR POSTERS / PRESENTATIONS

Graduate students from Princeton University (Tigers), University of Delaware (Hens), and Lehigh University (Hawks) are welcome to contribute an oral presentation of their research projects related to fundamental rheology and rheology-dependent applications. Oral presentations will be roughly 20-25 minutes including questions. Each research group is allowed 1 presentation (additional graduate presentations will be considered space allowing). An unlimited number of posters will be accepted from all attendees (postdoctoral researchers, graduate and undergraduate students) and a poster competition of the best presentation will be judged and announced at the end of the symposium.

PLENARY LECTURE:

Jeff Morris - "Fluid mechanics of suspensions: A consideration of pressure and inertia"
Levich Institute, Department of Chemical Engineering, City College of New York.

SUBMISSION GUIDELINES:

Please send the following information:

- Presentation title
- Authors
- Affiliation
- Indicate submission type (oral or poster)

to Tracey Lopez: TML206@lehigh.edu by Monday, April 20th.

If you plan to attend but not submit, please confirm your attendance to TML206@lehigh.edu

All other questions may be sent to Ms. Lopez and Professors James Gilchrist (Gilchrist@lehigh.edu) and Anthony McHugh (AJM8@lehigh.edu).

The 12th Tiger-Hen-Hawk Symposium gratefully acknowledges support from the following sponsors:

TA instruments
